Let it Shine

This season shiny, kissable lips are all the rage. Pucker up to some of these great glosses.

MAC's Viva Glam Lipglass (\$13.50)— A neutral pink, pearl gloss that creates a glass-like finish. Contains jojoba oil to help soften and condition the lips. **BONUS:** 100 percent of proceeds from the sale of Viva Glam Lipglass go to the MAC Aids Fund, which supports people living with HIV and AIDS. www.maccosmetics.com

Benefit's The Gloss (\$14) — New for June, Benefit's latest gloss adds a sexy sheen in 12 shades (some with sparkles!). All have a subtle and yummy apricot scent. www.benefitcosmetics.com

Estee Lauder Amber Bronze (\$15)— Amber has long been revered for its mystical power to attract and reflect the sun. Estee Lauder incorporates it into Amber Bronze, a lip balm that glides on for a glossy finish. With SPF 15, it's great for hitting the beach. www.esteelauder.com

Jane Iredale PureGloss (\$14.50) — A base of white lily gel makes these glosses nourishing and moisturizing. In colors like Iced Mocha, Cherry Sparkle and Just Gloss, these glosses have a fresh lemon ginger flavor that's good enough to eat. Available at spas; for a location near you, call (800) 817-5665

Primal Elements Ultra Shiny Lip Gloss (\$8) — Enriched with vitamin E, this gloss leaves a hint of transparent color with lots of shine. Great-smelling scents like Berry Buttons, Orange Cantaloupe, Pink Lemonade, Raspberry Mocha and Tahitian Vanilla. Available at Nordstrom and Ulta; www.primalelements.com.

Great Idea of the Month

For those of you who find yourself traveling more often than not, and you're tired of lugging around those big bottles of shampoo and conditioner, beauty id's created Ideas To Go — mini packets of great-smelling shampoo, conditioner and styling products specifically for your hair type. Six personalized monodoses, \$11. Look for them in specialty stores.

Try this tip: Brow Brushing

If you've overplucked your brows, cut the regrowth time in half by rubbing your bald spots with a toothbrush once a day to stimulate the follicles.
